	PAGE		PAGE
A aberrant enzymes	493	Indian Standards Institution	490
Acoustic surface amplifier: A new type of acoustic surface amplifier (<i>Note</i>)	306	Indo-French seminar on optical behaviour of materials	438
Activated sludge process: Development of the activated sludge process during the last fifty years ...	192	Indo-Soviet conference on solid state materials ...	57
ADIGA, P. R. <i>see</i> PILLAI, S. C.	618	International symposium on macromolecules ...	208
Adrenal gland: A simple method of cultivation and fixation of the adrenal gland (<i>Note</i>)	44	Lady Tata Memorial Trust	48
Agar-gel medium: A technique for growing human bone marrow cell colonies in agar-gel medium (<i>Note</i>)	257	Natural products: Eighth international symposium on the chemistry of natural products ...	112
Agricultural science & human welfare	49	Ninth international congress of crystallography ...	156
AHLUWALIA, J. C.: Structure of water & aqueous solutions	453	Particle size analysis course	260
Alcohols: Control of ill effect of alcohol on human metabolism (<i>Note</i>)	205	Progress of chemistry in India	616
Dehydrogenation of alcohols on semiconductor oxide catalysts	68	Second conference on water desalination	208
Aldehydes: Conversion of aldehydes to nitriles via photochemical reaction (<i>Note</i>)	42	Second international conference on titanium ...	208
Algae thrive under pure carbon dioxide (<i>Note</i>) ...	206	Seminar on castor seed, oil and cake	156
Algal flora: Principal factors determining the dominance of algal flora in water pollution (<i>Note</i>) ...	44	Seminar on industrial machines and their control	360
Alloxazines: A novel synthesis of alloxazines (<i>Note</i>) ...	255	Seminar on organic chemical industry	360
Alloys: A new theory to explain the memory effect in alloys (<i>Note</i>)	434	Sixth technical seminar of the Indian Rubber Manufacturers Research Association	438
Second international conference on strength of metals & alloys	58	Society of Indian Plant Virologists	360
Amino acid: A rapid method for estimating the specific activity of an amino acid in biological tissue (<i>Note</i>) ...	308	Summer school in solid state physics	156
δ -Amino- ^{14}C levulinic acid: Simple method for the direct determination of δ -amino- ^{14}C levulinic acid production (<i>Note</i>)	434	Symposium in biophysics	490
AMP: A new method for measuring cyclic AMP in tissues (<i>Note</i>)	92	Symposium on cellular processes in growth, development and differentiation	438
Amplifier: A new type of acoustic surface amplifier (<i>Note</i>)	306	Symposium on computer-communications networks and teletraffic	310
Analytical chemistry: Pittsburg conference on analytical chemistry & applied spectroscopy, 1970 ...	8	Symposium on high polymers	555
Analytical technique: Stable isotope dilution: A powerful analytical technique	297	Symposium on nuclear physics and solid state physics	438
ANANTAKRISHNAN, SEKCHARIPURAM V.: Role of solvent in the kinetics of substitution, addition, solvolysis, oxidation & free radical reactions	319	Symposium on solid thin films	67
The teaching of physical sciences at school & college levels	440	Symposium on the behaviour of earth and earth structures subjected to earthquakes and other dynamic loads	438
ANANTHAKRISHNAN, T. N.: Thrips (Thysanoptera) in agriculture, horticulture & forestry — Diagnosis, bionomics & control	113	Symposium on thermal analysis	38
Aniline: One-step conversion of aniline into benzyne (<i>Note</i>)	307	Thirteenth international symposium of the international commission of food and agricultural industries	556
Anisotropy: Evidence for anisotropy in cosmic ray signals (<i>Note</i>)	433	Twelfth seminar on electrochemistry	260
Annelation: A novel method of annelation (<i>Note</i>) ...	434	Twenty-third Pittsburg conference on analytical and applied spectroscopy	556
Announcements		World book fair	556
Chemistry of natural products: Eighth international symposium on the chemistry of natural products	112	Anthocyanin pigments: Anthoxanthin & anthocyanin pigments of horticultural varieties of roses ...	77
Conference on world science information system Course in field emission and ion microscopy ...	748	Anthoxanthin pigments: Anthoxanthin & anthocyanin pigments of horticultural varieties of roses ...	77
Curriculum Development Centre, Department of Chemical Engineering, Indian Institute of Technology, Madras	556	Antibody binding site: Molecule tags antibody binding site (<i>Note</i>)	435
Department of Metallurgy: Indian Institute of Science, Bangalore: Silver jubilee celebrations	472	Antifibrillatory agent: A new myocardial depressant and antifibrillatory agent (<i>Note</i>)	257
Eighth international symposium on the chemistry of natural products	112	Antifoaming agents: Silicone antifoaming agents ...	241
Fifth International Vacuum Congress of the International Union for Vacuum Science, Technique and Applications	48	Anti-omega-minus baryon: Discovery of anti-omega-minus baryon (<i>Note</i>)	433
First Iranian Congress of Civil Engineering Mechanics	556	Aqueous solutions: Structure of water & aqueous solutions	453
First Pacific Chemical Engineering Congress ...	48	ARORA, R. B.: Metabolism of some naturally occurring coumarins	74
Fourth international biophysics congress	260	<i>see</i> SHARMA, R. C.	190
Indian Geotechnical Society	438	Arterial disease: Phonoangiography: A new diagnostic method for studying arterial disease (<i>Note</i>) ...	308
Indian Science Congress Association: Fifty-ninth session	249	Atmospherics: Waveform of atmospherics in relation to radiowave propagation & source phenomena ...	211
		Atoms: Individual atoms observed (<i>Note</i>)	150
		B acteria: chemoautotrophy in nitrifying bacteria ...	588
		Bacterial growth inhibition: Identification of a bacterial growth inhibitor (<i>Note</i>)	44
		Bacteriological test: New bacteriological test for carcinogen compounds (<i>Note</i>)	612
		BAKSI, SUBHENDU KUMAR: Seminar on palaeopalynology & Indian stratigraphy	558
		BALAKRISHNAN, K.: Polarization study for assessment of corrosion behaviour of metals	593
		Baryon: Discovery of anti-omega-minus baryon (<i>Note</i>)	433

BASU, A. K.: International symposium on environmental disruption in Japan ...	158	Cement and Concrete Research (New Periodical) ...	619
BAWA, S. R. <i>see</i> DHOPESHWARKAR, G. A. ...	22	Centres of advanced study in Indian universities ...	311
Benzyne: One-step conversion of aniline into benzyne (Note) ...	307	CHANDRA, G.: The oxymercuration reaction ...	333
Betel nut: Carcinogenic effect of the betel nut (Note) ...	553	CHEEMA, P. S. <i>see</i> PADMANABAN, G. ...	716
BHADURI, A. P. <i>see</i> GUPTA, C. M. ...	101	Chemical code word of memory (Note) ...	203
BHAGAT, V. R.: A multipurpose electrochemical instrument ...	235	Chemical industry & research ...	157
BHAT, J. V.: The uniqueness of coir retting ...	720	Chemoautotrophy in nitrifying bacteria ...	588
<i>see</i> SUBBA RAO, P. V. ...	663	CHERAYIL, J. D. <i>see</i> PILLAI, S. C. ...	618
BHIDE, V. G.: Some applications of Mössbauer effect in solid state physics ...	160	Chloroplasts: Isolation of intact chloroplasts (Note) ...	487
BHUTE, R. S.: Silicone antifoaming agents ...	241	CHOWDAIAH, B. N.: Cytogenetic studies in oriental mosquitoes ...	187
Biochemistry: Fifty years of biochemistry at the Indian Institute of Science, Bangalore ...	618	Chromosomal proteins: Absence of histones from the chromosomal proteins of fungi (Note) ...	487
The biochemistry of plant latex ...	640	Clays: Role of clays in the prebiotic synthesis of polypeptides (Note) ...	552
Biological activity: A new polypeptide with unusually wide biological activity (Note) ...	613	Coir retting: The uniqueness of coir retting ...	720
Biological tissue: A rapid method for estimating the specific activity of an amino acid in biological tissue (Note) ...	308	COLE, K. D.: Some aspects of the electrodynamics of the ionosphere & the magnetosphere ...	388
Biosynthesis of soil humic substances ...	81	Cometabolism: A technique for the accumulation of biochemical products (Note) ...	552
Bis(dibenzylideneacetone) palladium(0) (Note) ...	202	Communication through satellites: New approach (Note) ...	150
Bismuth contacts: Non-ohmic behaviour in stationary bismuth contacts (Note) ...	355	Computer applications: New integrated circuit concept for computer applications (Note) ...	551
Blood: A new function for blood (Note) ...	613	Computers and Structures (New periodical) ...	616
Blood-brain barrier systems: Recent advances towards the understanding of blood-brain barrier systems ...	22	Condensation: Hertz-Knudsen equation & filmwise condensation of low density steam ...	63
Blood pressure: A new method for determining blood pressure in conscious rats (Note) ...	434	Conferences, Summer Schools & Symposia	
A simple method for measuring electrocardiogram and blood pressure in the conscious rat (Note) ...	91	Asian regional IHD national committees: First meeting (Note) ...	152
Body sugar: Test for body sugar (Note) ...	357	Conference of scientists, technologists & educationists ...	1
BOHRA, J. N.: Pore size & porosity: Methods of measurement & their importance in industry ...	444	International symposium on environmental disruption in Japan ...	158
Bone calcification: A new mechanism for bone calcification (Note) ...	205	International symposium on soil fertility evaluation ...	312
Bone marrow cell colonies: A technique for growing human bone marrow cell colonies in agar-gel medium (Note) ...	257	Ninth international congress of crystallography ...	156
Boundary Layer Meteorology (New Periodical) ...	46	Pittsburg conference on analytical chemistry & applied spectroscopy, 1970 ...	8
BRAHMA DEO: Determination of oxygen content of molten metals with the help of solid electrolytes ...	465	Second international conference on strength of metals & alloys ...	58
Brain: Extraretinal photoreceptors in the brain (Note) ...	258	Seminar on castor seed, oil and cake ...	156
Brain development: Visual environment influences brain development (Note) ...	307	Seminar on palaeopalynology & Indian stratigraphy ...	558
2'-Bromo-2'-deoxyuridine derivatives: Synthesis of 2'-bromo-2'-deoxyuridine derivatives (Note) ...	486	Seminar on recent advances in heterocyclic chemistry ...	53
CAMA, H. R. <i>see</i> PILLAI, S. C. ...	618	Summer school in solid state physics ...	156
Cancer viruses: A potent new inhibitor of cancer viruses (Note) ...	205	Symposium on ionosphere-magnetosphere interactions ...	361
Carborane polymers: Temperature-stable carborane polymers ...	552	Symposium on ionosphere-magnetosphere interactions: Panel discussion ...	421
Carcinogen compounds: New bacteriological test for carcinogen compounds (Note) ...	612	Third international powder metallurgy conference ...	55
Carcinogenic activity: Rapid test for evaluating carcinogenic activity of tobacco (Note) ...	257	Corrosion behaviour of metals: Polarization study for assessment of corrosion behaviour of metals ...	593
Carcinogenic effect of the betel nut (Note) ...	553	Cosmic Electrodynamics (New Periodical) ...	46
Catabolite repression ...	560	Cosmic ray signals: Evidence for anisotropy in cosmic ray signals (Note) ...	433
Catalysis: Theory of enzyme catalysis (Note) ...	203	Coumarins: Metabolism of some naturally occurring coumarins ...	74
Catalysts: Dehydrogenation of alcohols on semiconductor oxide catalysts ...	68	CSIR regional campus: An imaginative experiment: CSIR regional campus ...	491
Cations: Coupling of diazonium salts with cations (Note) ...	150	2-Cyanopyrrole: Photoisomerization of 2-cyanopyrrole (Note) ...	150
CdSe: Current controlled negative resistance in CdSe (Note) ...	611	Cyclic AMP: A new method for measuring cyclic AMP in tissues (Note) ...	92
Cell division: Vitamin C and cell division (Note) ...	151	Cytogenetic studies in oriental mosquitoes ...	187
Cells: A new differential staining technique for neurosecretory cells (Note) ...	89	Cytological effects of chemicals on mitotic plant cells ...	571
Cytological effects of chemicals on mitotic plant cells ...	571		
Cellular recognition behaviour: Mixed-culture polykaryocytosis—A new form of cellular recognition behaviour (Note) ...	43	DATTA, P. K.: Electrical conductivities of organic semiconductors ...	222
Cellulosic textiles: Microbial degradation of cellulosic textiles ...	598	Death: Mechanism of sudden death (Note) ...	745
		Dehydrogenation of alcohols on semiconductor oxide catalysts ...	68
		Department of Biochemistry, Indian Institute of Science, Bangalore: Golden jubilee ...	617
		Golden jubilee programme (Note) ...	359
